

Diagram illustrating a 3D staircase structure composed of 10 steps. Each step is a rectangular prism. The top face of each step is labeled with a number from 1 to 10. The front face of each step is labeled with a letter from A to J. The side face of each step is labeled with a letter from K to T. The structure is built on a 10x10x10 grid. The top face of the top step is labeled 10. The front face of the top step is labeled J. The side face of the top step is labeled T. The bottom face of the bottom step is labeled 1. The front face of the bottom step is labeled A. The side face of the bottom step is labeled K.
